

Hart Family Eyecare

Contact Lens Agreement

At Hart Family Eyecare, we carry the latest in contact lens technology, including astigmatism-correcting lenses (toric), multifocal lenses, and those for corneal diseases (such as keratoconus). We are dedicated to your eye health and an enjoyable, comfortable contact lens experience.

A **Contact Lens Evaluation fee** is necessary to renew the current contact lens prescription and is in addition to the Comprehensive Eye Examination fee. This fee is not covered by your insurance benefits. This evaluation will include precise measurements, analysis of your vision needs, and recommendations specifically tailored for you. It may also include the use of diagnostic lenses, if necessary, by our doctors to ensure the proper fit of the lenses and good ocular health.

The Contact Lens Evaluation fee will range in price depending on the complexity of contact lenses worn. Additionally, if you are a first time contact lens patient, an Insertion & Removal (I&R) training will also be required.

- **Standard** Contact Lens Evaluation (Soft Spherical, Toric, & Multifocal)....\$40
- **New Fit** Standard Contact Lens Evaluation\$60
- **Medical** Contact Lens Evaluation (RGP, Keratoconus).....starting at \$60

These fees will cover the initial evaluation and all contact lens related follow-up visits for a period of **3 months**. After this period has ended, an additional evaluation fee may be charged for any subsequent visits and trials necessary to finalize your contact lens prescription.

Please note:

The Contact Lens Evaluation is done at the time of the Comprehensive Eye Exam. It is not a separate visit. If you are interested in contacts, please discuss with the doctor during your annual eye exam.
